

Centre Stage DANCE STUDIO

Baby **DIVA** and Darling **DIVA** for our dancers ages 2 – 5years old

It seems like just yesterday that your baby took her first steps, so can she possibly be ready for a toddler dance class? Absolutely! In addition to busting her own moves at home in spontaneous bursts of toddler dancing, little movers and shakers are capable of great physical activity, and their self esteem is just waiting to be held preciously, shaped and let free to guide them through life.

Centrestage's Baby Diva (ages 2-3) and Darling Diva (ages 4-5) classes are 50 minutes consisting of basic introduction to movement, coordination, ballet, jazz, tumbling, socialization, self esteem building and so much fun and high energy...a nap is surely just around the corner.

Our Baby and Darling Divas have the opportunity to bust a move at local performances such as Desert Ridge, local school carnivals, our yearly recital and even the Phoenix Suns game. Whether they choose to perform or not, the class is run the same and they will learn adorable little routines throughout the year, and perform for you the last 5 minutes of every class.

The #1 goal behind the Baby and Darling Divas classes and is to build self esteem and confidence in these little precious ones, all while instilling the love of music and movement through dance.
